*	rej	eport as "originally filed" and are not ant	shed to the receiving Office in response to an invitation under Article 14 are referred to in this nexed to this report since they do not contain amendments (Rules 70.16 and 70.17).  endments must be referred to under item 1 and annexed to this report		

### INTERNATIONAL PRELIMINARY EXAMINATION REPORT

Claims

International application No.

NO

PCT/SG2003/000156

## V. Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement

1.	Statement		
	Novelty (N)	Claims 1-26	YES
		Claims	NO
	Inventive step (IS)	Claims 1-26	YES
		Claims	NO
	Industrial applicability (IA)	Claims <b>1-26</b>	YES

2. Citations and explanations (Rule 70.7)

#### NOVELTY & INVENTIVE STEP:

WO 2002 054325

The citation does not disclose the particular combination of features as disclosed in claims 1-26, viz.,

" a method for assessing risk within an organisation, comprising:

defining one or more zones, each of said one or more zones comprising an environment;

identifying one or more assets of said organisation, each of said assets being located in a respective one of said zones;

conducting a respective impact assessment for each of said assets, each assessment comprising assessing the impact of the loss of said respective asset;

conducting for each said zones a respective zone risk assessment, comprising assessing the risk level associated with placing a respective asset within said respective corresponding zone;

conducting for each asset a respective asset risk assessment, comprising assessing the risk level associated with said respective asset independent of the respective zone of said respective asset; and

assessing risk on the basis of at least said impact assessment, said zone risk assessments and said asset risk assessments.

Claimed invention is therefore, considered to be novel and inventive.
